What's on offer...

I will be offering shoots from New York, New York.
These shoots will take place between 8th- 10th September

The Shoot will cover 4 looks.

Examples of the locations are listed below.

Brooklyn bridge
New York Taxi
Skyline
Times square
Grand Central Station
New York streets

Anywhere with pretty light

Anywhere with an awesome New York Backdrop
Sunrise and sunset depending what slot you book

I will be scouting New York in May and will confirm best
locations then.

We will plan your session before hand so you get the most
out of the experience.

Shoot Time:

You will choose between a sunrise session (approx 6am)

Or sunset session (approx 5pm)

Your shoot will last approx 3-4 hours.

I shoot two girls during each session. I try to pair girls up
who have a similar modelling experience however this isn't
essential. This allows for girls shoot time to be more
relaxed. Both clients get exactly the same time in front of
the camera , however sometimes one may get slightly
longer or less if I am waiting for a particular light to come
back/ someone to move from the background etc.

Previously we found this worked really well and girls
enjoyed sharing the experience with someone. If they
weren't friends already they were besties by the end of the
session.

Travel and stay in New York :

We are not involved with organising your travel or hotel arrangements in New York. However, please read the next page if you wish to stay with the team while in New York. This is ideal for clients travelling alone. We would need the numbers before you book and the full payment for your share of the space (approx £100 per night) however, like our previous shoots you can also stay separately to the team. This is just unique to New York due to the price of accommodation and size of the city. Flying to New York is simple from most UK airports. There are endless hotel and air b&b options. We will create a New York trip group so you have options to travel with and stay with other girls who have also booked the shoot. We would suggest staying close to our apartment the night before your shoot if you are booking a sunrise session.

Stay in New York

For a first time we will have a small number of places available to stay at our apartment. This is perfect for gils travelling alone. This is mainly due to the price of New York and scale of the city. We would need to know at the time of booking if you wish to stay with us, The payment for your share of the accommodation would need to be paid upfront and wouldn't not be refundable if you later cancelled your shoot. This of course would be due to us booking a larger space to accommodate extra girls.

We wont however be having late nights and loud parties, we love a wine and a giggle but come 11pm we are always tucked up in bed (usually Duncan giving me a head massage!!) . So do keep this in mind , if you are wanting a more lively late night stay we might not be the right roomie match for you.

A woman with long blonde hair is walking on a city street. She is wearing a patterned, short-sleeved top and light-colored shorts. She is carrying a small, light-colored handbag. The background is a blurred city street with a yellow taxi and other vehicles.
