EDITORIAL story Telling

MY STYLE -

My style is editorial storytelling, blending a classic film aesthetic with modern flash techniques for a signature look that is both soft yet sharp. Inspired by 1980s film photography, your images carry a timeless, cinematic quality—rich in texture, depth, and emotion.

I've been in the industry for 20 years, starting with a degree in fashion from Manchester University before landing a rather unique role—as Mattel's real-life Barbie (yes, really!). Eventually, I found myself drawn to the other side of the camera, swapping modeling for photography, and I've never looked back.

With hundreds of weddings and shoots under my belt, I feel incredibly lucky to do what I love—capturing wedding days in all their magic.

My background in fashion still plays a huge role in my work, bringing an editorial eye to every wedding I shoot. The result - Timeless, iconic images that wouldn't look out of place in the pages of a fashion magazine.

A group of men in tuxedos and sunglasses posing outdoors. The men are smiling and looking towards the camera. They are wearing dark tuxedos, white shirts, and dark bowties. Some are wearing sunglasses. The background shows a building with a tiled roof and trees. The overall tone is warm and celebratory.

'When our photos dropped in our inbox we couldn't believe that was us and that was our day. Everything was captured so perfectly and I never thought I'd look back on so many photos of myself and love every single one of them!'

THE EXPERIENCE

Working in fashion has made me great at thinking on my feet, which works perfectly for my Weddings.

Whether it's shifting furniture behind the scenes to create the perfect backdrop, tracking down the right person to clear an area for your couple's shots, or even climbing into a rowing boat to get the perfect angle (all true stories!)—nothing is too much when it comes to bringing your wedding vision to life. I'm always thinking one step ahead, making sure every detail is just right so you can focus on soaking in the moment.

It's this personal touch that makes me feel so connected to my couples. I already know you, we have been speaking a lot before your Wedding, messages , voice-notes , zoom calls - I get YOU - and all thats left for me to do is capture your iconic day.

I've often been called an "extra bridesmaid" by my couples - I'm there to capture every precious moment, but I'm also there to help you breathe before walking down the aisle, fix your hair if a pin falls out, or track down your lipstick after the wedding breakfast.

THE INVESTMENT

Once the wedding dress is hung up and the cufflinks are tucked away, what remains are your memories—captured in a way that stands the test of time. Years from now, when your great-grandchildren flip through your wedding album, they'll have only one word for it: iconic.

What I love most is the incredible mix of couples I get to work with, but they all share one thing—a deep appreciation for art and fashion. This means I've captured everything from intimate backyard weddings to extravagant three-day celebrations in Lake Como. But no matter the scale, the common thread is always the same: couples who truly value my artistry and invest in their wedding imagery.

I've put together three carefully curated packages to suit a range of wedding budgets, ensuring every couple can have beautiful, timeless imagery of their day.

it's about preserving a feeling, a story, a moment in time that will be passed down for generations. Once the champagne has been poured and the flowers have faded, your photographs will remain, holding the laughter, the happy tears, and the in-between moments that made your day yours.

Charlotte photographed our wedding at Saltmarsh Hall in 2021 and she was incredible! I felt like I had a photographer and bridesmaid rolled into one. Our photos are beautiful and all our guests commented on how lovely Charlotte was. She is the photographer I recommend to anyone I know getting married 🥰

Thank you SO SO much for everything. You were amazing!

Can't stop looking x

I actually don't know where to begin. Having Charlotte as a part of our wedding was such a big deal to me. Charlotte will light up the room, making everyone laugh and smile. As a bride Charlotte taught me how to stand, where to look, she knew exactly what I should have been doing when I did it. The ultimate professional social media being your biggest fan. Thank you Charlotte my photos are perfect thanks to you.

Charlotte was incredible throughout the entire day! Even during the run up to the wedding. We had catch up calls, ensuring we had everything covered. Charlotte took the brief and went above and beyond to make our day perfect. The photos were honestly out of this world. Half the photos she sent us back, I didn't see her take. She was an absolute superstar. She helped me get ready in the morning. A brides dream secret bridesmaid. We have taken a number of the photos she took and created canvases that just capture the day beautifully. I have no words. Just incredible!

WHAT IS THE NEXT STEP?

If you're feeling excited and think I might be the one to capture your wedding, the next step is to book a Zoom call. This is a chance for me to answer any questions you have and hear all about your plans.

Already decided I'm the one? Amazing! The next step is to secure your date by signing the wedding contract and paying your £500 booking deposit.

I still love to meet my couples—even just a quick five-minute call to say hello before we dive into planning. I know how busy wedding prep can be, so there's no pressure, but it's always nice to put a face to the name on my booking calendar.
