What's on offer...

I will be offering shoots from the historic city of Rome. These shoots will take place between 27th - 30th September

The Shoot will cover 4 looks.

Examples of the locations are listed below.

Spanish steps

Colosseum

Trevi Fountain

Arch of Constantine

Pantheon

Trastevere

Option for shoot with Vespa or vintage car (more details to come)

Anywhere with pretty light

Sunrise and sunset depending what slot you book

We will plan your session before hand so you get the most out of the experience.

Shoot Time:

You will choose between a sunrise session (approx 6am) Or sunset session (approx 5pm)

Your shoot will last approx 3 hours.

I shoot two girls during each session. I try to pair girls up who have a similar modelling experience however this isn't essential. This allows for girls shoot time to be more relaxed. Both clients get exactly the same time in front of the camera , however sometimes one may get slightly longer or less if I am waiting for a particular light to come back/ someone to move from the background etc. Previously we found this worked really well and girls enjoyed sharing the experience with someone. If they weren't friends already they were besties by the end of the session.
