

A woman with dark hair, wearing a red one-piece swimsuit, is posing in a rocky grotto. She is standing in shallow water, with her right arm raised and her left hand near her head. The background consists of rugged, brownish rock formations and some sparse vegetation. The lighting is warm and dramatic, highlighting the textures of the rocks and the woman's skin.

Ages:

This shoot is for any over the age of 12 . There is no upper age limit.

What's on offer...

I will be offering shoots from the beautiful Island of Mallorca in the Santa Ponca district. This is approx 30 minutes from Palma airport and Palma city itself. (Approx 40 Euro in a taxi) These sessions will take place between 5th-8th July

The Shoot will cover 4 looks.

Examples of the locations are listed below.

Spanish secluded Beach

Santa Ponca Coastline

Rocks

Local streets

Cafes

Anywhere with pretty light

Sunrise and sunset depending what slot you book

Option to shoot in Palma centre (must be organised prior to shoot)

We will plan your session before hand so you get the most out of the experience.

Shoot Time:

You will choose between a sunrise session (approx 6am) Or sunset session (approx 5pm)

Your shoot will last approx 2 hours.

I shoot two girls during each session. I try to pair girls up who have a similar modelling experience however this isn't essential. This allows for girls shoot time to be more relaxed. Both clients get exactly the same time in front of the camera , however sometimes one may get slightly longer or less if I am waiting for a particular light to come back/ someone to move from the background etc. Previously we found this worked really well and girls enjoyed sharing the experience with someone. If they weren't friends already they were besties by the end of the session.
